- 2 <sup>えいが</sup> インド映画についての英文を読んでみましょう。 CD <sup>2-</sup>38

Have you ever heard the word "Bollywood?" I think you know "Hollywood." Many American movies are made there. Hollywood is famous for American movies. On the other hand, Bombay (now we call it Mumbai) is famous for Indian movies. It is a city in India. Many Indian movies are made there, so we call Indian movies "Bollywood."

If you see a movie at a theater in India, you'll be surprised. First, people in India enjoy dancing together when they see the movies. In Indian movies, actors dance to express their feelings. Second, there is an intermission in the movie. Indian movies are long. So you may think that Indian movies are too long to see until the end at theaters. But don't worry. You can take a rest during the intermission.

If you have a chance to visit India, I want you to see movies at theaters. I hope you will experience Indian culture.
